ICHINGO CHOBE RIVER LODGE | CHOBE RIVER

3 NIGHTS

Ichingo Chobe River Lodge is based on Impalila Island which lies at the confluence of the Chobe and Zambezi Rivers. Technically in Namibia, the unique geographic location means that the lodge is able to take full advantage of all that the Chobe area has to offer - this beautiful tented lodge guarantees a tailor made holiday for every guest.

Owner managed, the lodge provides excellent levels of service as well as the added value of your own private guide and tender boat for the duration of your stay - this allows you the freedom to explore the rivers and waterways on your own and it means that whichever activity you choose for the day will be done at your own pace.

Accommodation is eight large Meru safari tents, each beautifully turned out with its own private balcony overlooking the Chobe rapids and an en-suite bathroom. The large trees and flowing waters promote a secluded, personalized and serene environment in which to completely unwind and enjoy the sights and sounds of a true river experience. Tender boats and guides offer tailored activities and personal attention for each guest.

ROYAL LIVINGSTONE | VICTORIA FALLS

2 NIGHTS

The Royal Livingstone is perfectly situated on the banks of the Zambezi River, and reflects the vibrant energy of the natural space. A hotel that exudes Victorian elegance and splendour down to the finest detail of the lamps, the magnificent paintings and the black and white photographs of early pioneers, this is a place to reflect and rejuvenate.

Royal Livingstone's Sundeck's - African sunsets are legendary, and so much more a sunset right over the Victoria Falls. The Royal Livingstone's two Sundecks are the perfect location for sundowners. Located right on the Zambezi River, they offer unrivalled views of the river and the thundering Victoria Falls.

Victoria Falls, is only a 15 minute walk from the hotel and as a Royal Livingstone Hotel guest, you have unlimited free access to the Falls via the resort's own private entrance. Other activities include restaurants, spa, gym, hotel pool, herb & rose garden, nature walks, adventure activities (helicopter flights) and more.

DAVISON'S CAMP | HWANGE

3 NIGHTS

Davison's Camp lies deep in Hwange National Park, in the south-eastern Linkwasha Concession – one of the most prolific wildlife areas in Hwange.

This is a classic African tented camp, with eight tents and one family unit tastefully hidden beneath a grove of false mopane trees, all overlooking an open plain and a productive waterhole.

The main area comprises a spacious lounge and dining room which leads out onto a fabulous pine deck and an open campfire area. The refreshing pool also looks out over the waterhole, while a small upper deck is an ideal location from which to watch wildlife by day and gaze at the stars by night.

Hwange's mix of different veld and landscape types means that game viewing is productive year round. Wildlife frequently encountered in our area includes lion, large herds of elephant, buffalo, leopard, spotted hyaena, giraffe, sable, blue wildebeest, impala, waterbuck and reedbuck. In summer, wildebeest, zebra and eland are found in abundance on the open plains, while in winter elephant congregate in enormous numbers around the waterholes.

Birdlife in the area is prolific (400+) and varied.

Other things to do – game drives, morning walking safaris, evening drives, village visits
