EXCLUSIVE SAFARIS

## KRUGER SANDS

7 nights | Kruger National Park | Sabi Sands

Price from: \$4395 per person sharing

## SUMPTUOUS RIVER SETTINGS ACCLAIMED WILDLIFE TERRITORIES

Places to simply experience, both for the exquisite lodges, food and most of all ... stunning wildlife viewing.

From the beautiful Tinga Lodge, tucked inside Kruger National Park and a private concession that enjoys unrestricted game viewing game drives, to the Western Sector of the Sabi Sands and it's iconic wildlife and leopard interactions. A photographer's dream destination.

These are places to feel the pulse of your adrenaline, amidst the fragrance known as "that bush smell" and amazing meals to satisfy the taste buds (and your eyes).

Ever wanted that 'out of this world' safari experience?

### LION SANDS TINGA LODGE | KRUGER NATIONAL PARK

#### 2 NIGHTS

"Tinga is an escape that everyone should enjoy at least once in their lifetime"

With just 9 luxurious suites, each located in an utterly private spot overlooking the river, you are treated to the ultimate African luxury experience. Each of Tinga's suites has a bathroom with in-door and outdoor shower, separate lounge area with minibar, private plunge pool and deck, 24 hour air-conditioning and a range of luxury amenities.

The Lodge style is subtle, sophisticated and serene, with grand open spaces. The main areas are double volume, opening onto a wooden deck. Sit at the fire-side in the lounge, with a glass of South African wine, appreciating your own company or that of newfound friends.

#### WILDLIFE

The preserved plains of the Sabi Sands and the Kruger National Park hold one of highest concentrations of game per hectare on the planet. The Tinga concession includes the Big5.

#### ACTIVITIES

Morning and evening game drives in open safari vehicles, bush walks, bird watching, astronomy, bush breakfasts, bush dinners, river walks, hippo tours, safari lunches, wildlife lectures, treehouse, boma dinners, wellness treatments, local village experiences.

#### GAME DRIVES

2 safaris take place each day – in the morning and late afternoon (moving into the early evening). This is when the wildlife is most active, and the temperature more moderate.

As Lion Sands is a private game reserve within the Sabi Sand Reserve, and in a private concession within the Kruger National Park, safaris are not confined to main roads. Our Field Guides are able to navigate through dense bush, following the tracks of animals. With a limited number of vehicles on each property, and strict criteria governing sightings, guests are able to spend extended periods of time watching wildlife in its natural habitat.

## INYATI GAME LODGE | SABI SANDS

### 5 NIGHTS

The Sabi Sand Game Reserve / Wildtuin is a private game reserve situated on the Western border of the Kruger National Park. It spans 65 000 hectares (153 000 acres) and is renowned for providing some of the best game viewing in Africa.

Unlike the Kruger National Park, the Sabi Sand Reserve is not open to the general public. Staying in one of the lodges here means you are sharing this pristine wilderness with only a few other guests, since each private reserve has exclusive traversing rights over their area. Furthermore, your safari here is not bound by the strict rules of the South African National Parks Board, so rangers can drive off-road, taking you closer to the action. They can also drive at night and lead you on guided walking safaris, tracking animals in the wilderness.

Inyati consists of eleven chalets. Each air-conditioned chalet features en-suite bathroom with twin hand basins, separate bath, shower and w.c.

Inyati's superbly positioned guest sitting and dining areas overlook the Sand River. The verandah overlooks the riverine vegetation, which is the natural habitat of the elephant and hippo.

### WILDLIFE

The Sabi Sands is home to the Big 5 and is probably the best place in the world to get up close and personal with the elusive leopard.

### ACTIVITIES

Twice daily game drives, bush walks, fishing, pool and gym.

### GAME DRIVES

Open safari vehicles, head out into the wild under the expert guidance of experienced guides and insightful trackers. Guests are able to get in close contact with Africa's most exciting wildlife species, and are presented with unparalleled photographic opportunities.

Early morning safaris head out as the sun rises and as the bush stirs to life. The guide and tracker teams search for animals by tracking their spoor, and by listening for the tell-tale signs of activity.

Late afternoon safaris commence as the sun burns its way towards the horizon. The animals are now getting more active, many preparing for the great hunt after dark. After sundowners, the drive continues with the aid of powerful spotlights which reveal nocturnal species in another world.

## QUICK ITINERARY

### DAY 1
