A MAGICAL CAMP. YOUR DREAM JOURNEY

SELINDA EXPLORER'S CAMP, SELINDA RESERVE, OKAVANGO DELTA, BOTSWANA

There's an old saying that great things come in little packages... Selinda Explorers Camp is no exception! Small - catering for only 8 guests - but perfectly formed, its "wow" factor lies in the experience it offers, treading in the footsteps of Livingstone and Selous, both of whom wandered right through the area in which the camp is situated. It's also in the grandeur of the expedition-style decor, with campaign furniture and vintage travelling trunks lending an authentic, transient atmosphere to the camp's traditional canvas tents.

The camp is located on a remote stretch of the Selinda Spillway, close to the heart of the pristine 320,000-acre private Selinda Reserve. It used to have another home - the Selous game reserve in Tanzania - but was moved here in its entirety a few years ago and has never looked back since opening in 2012.

ACCOMMODATION

Under a canopy of towering jackalberry and mangosteen trees, the four custom-designed tents embody the philosophy of exploration, sitting squarely on the earth, connecting guests directly with the pulse of the wild. They're spacious and stay true to the classic age of safari, when the journey was more important than the destination.

In an effort to rekindle the magic of a proper expedition camp, hot and cold water are provided in large jugs on demand for the copper vanities and the en-suite flush toilet and bucket shower, although enclosed at the sides, are open to the stars above.

Hot water for the bucket shower is brought to your tent on request, and should the hopeless romantic in you prove to hard to resist, brass hipbaths could be portered to a nearby sandbank on the edge of the Selinda Spillway for a bath like no other – it doesn't get more spectacular than that!

With the wildlife viewing activities mainly focused on guided walks and canoe trips followed by open vehicle game drives, this area is a wildlife hotspot which is home to huge herds of elephant and buffalo. It is here that lion, wild dog, sable and roan antelope are all spotted on a regular basis.

And because at Selinda Explorers Camp the focus is on walking, you will be seeing the small, incredibly interesting things often missed on vehicles.

ACTIVITIES

Early morning and late afternoon/early evening game activities to suit, including guided walking safaris, canoeing trips and game drives where required in open 4x4 vehicles.

Activities of canoeing and walking will cater to family ability & safety.

*Selinda Explorers Camp is closed between December and February each year due to seasonal rains

Selinda Camp guest tents include the complimentary use of a pair of Swarovski HD binoculars

QUICK ITINERARY

DAY 1

Arrive into Botswana and be guided to your air transfer to the stunning Selinda Reserve in the Okavango Delta.
